- In February we started planning and organizing a program so we can evangelize as many women as we can all over Mexico and everywhere that Spanish is spoken.
- In May we officially launched the program, and meetings with women hearing about Jesus started happening.

- **February**
- Since February, every week, I lead two Discipleship Groups for Leaders, we have people from all over Mexico, USA, Ecuador, Colombia, Costa Rica and Puerto Rico.
- These leaders have or will soon start their own Discipleship Group.

- During March I was invited to speak online by the Church of God in Mexico.
- The topic was:
- *“The impact of women as leaders in society”.*
- Thank God, we were able to share this with 60 women from Mexico and other Spanish speaking countries.

March – June

Took and finished a course to become a Chaplain

This will open doors and will allow me to easily visit more places and introduce Jesus to many more, and be there for anyone with spiritual needs.

- Again, invited by the Church of God in Mexico, we were able to train, in 6 sessions over 60 women, from Mexico and other Spanish speaking countries, on how to plan and execute benevolence projects for society, according to the Bible.
- We are pleased to share that a second part to this training is being planned at present time.
- Please pray that we can impact the society more and more with God's love

MAY

After searching for several months,
I started a Doctorate program in Education.
What I have learned is already helping our ministry.
I am sure it will be a great tool to keep serving better.
Should graduate in two years.
Please pray.

Six boxes of New Testaments, with Psalms and Proverbs included, were donated to us, that will allow us to reach more people for Jesus.

We have hundreds of them, we are labeling them all so people know where to go, or whom to call to know more about Him.

May 27th
BEYOND SUCCESS
“MÁS ALLÁ DEL ÉXITO”
CBMC signed an agreement with
“Maxwell Leadership” to use this
material to reach more people
for Jesus, blessed to be part of
this experience.

Church

We keep busy with church work, evangelizing, teaching, counseling, both online, phone calls, and face to face.

So many people need to know God and His love.

Sundays and Wednesdays are still very busy days with church meetings and an ongoing Women's Bible Study Group.

Many times, I get a lot of things done while sitting in my car.
This time, I was caught by a friend.
(Yes, I was in a parking lot, not driving).

THANK YOU!

¡GRACIAS!

Nothing can be done without your help!
We thank God for every one of our partners in this ministry in Mexico.
So much to do, so many more to minister.
Please keep praying for me, for us, for the ministry.
If you know of anyone interested in supporting us, please let us know, we sure need more partners.
